ARTS
KNOWLEDGES

VIDEO AND 3D GRAPHICS

nuke, ZBrush, uv layout, Maya, Premiere, After Effects, Flash.
Despite a vfx course where it faced 3d graphics and compositing,
my way I believe to be the compositing every now and then hap-
pens to model something or to make a setup even if compositing is
more of my field than any field.

WEB GRAPHICS

Dreamweaver, photoshop, illustrator xampp, phpmyadmin, flash.
program in SEO
I know full html
I know full css
JavaScript can read the java script and partly customize it
php know php but not completely, and I know in part to integrate
with databases
sql I can read the sql and partly change

GRAPHICS OR EDITORIAL GRAPHICS GENERAL

In Design, Illustrator, Photoshop, FontLab
editorial design know folding to create blocks of four or sixteenths
or multiple up to 64 more typeset with classical patterns and not,
I know create graphics for business cards or brochures, posters or
whatever 'is more relevant to the world of graphics
type design I know create a typeface with lab font is to be read in
books or newspapers or magazines is to be logo
logo design I know create logos

ILLUSTRATOR

Paper and pencil, pantone, acrylic, photoshop
My real passion and life drawing, still many times drawing even
thinking on the subject, I like to draw and place it in the body basi-
cally landscapes or abstractions.

PHOTOGRAPHY

Digital photo professional canon, photoshop, nuke,
I know the differences between rim and fill key light plus the six
basic light patterns apply to both 'internally and try to make them
possible to' external, know sessantaquattresimi the rule of thirds
and the golden spiral, are particularly directed to the plans or por-
trait with intense work for the still life even if the landscape does
not despise him.
